

## SD7200

DVD Player with  
1080p Upconversion

# TOSHIBA

Leading Innovation >>>

1080p upconversion to near HD quality, multi-format capability, and the convenience of HDMI™ with REGZA-LINK®, make the SD7200 a great movie night solution.

## ADVANTAGE

**Video upconversion up to 1080p<sup>1</sup> resolution via HDMI™** takes your current DVDs to a new level, for an amazing viewing experience on today's HDTVs.

**HDMI™** is a convenient, single cable AV connection. It transfers pure digital video and multi-channel audio to compatible home theater components and high definition televisions without scaling down or compressing the signal, keeping sound and picture quality pristine.

**REGZA-LINK®** (HDMI™-CEC)<sup>2</sup> makes controlling multiple components easy. Just connect your player to a Toshiba TV with REGZA-LINK® using an HDMI™ cable, and then control them using one remote, no additional programming or setup required!

**Multi-format playback<sup>3</sup> capability** supports DVD-R, DVD-RW, DVD+R, DVD+RW, VCD, SVCD, DivX®, CD-R, CD-RW, MP3 and WMA playback for true viewing flexibility.

**Slim chassis height** is combined with a high gloss black acrylic panel, silver accents, and a bright front display designed to complement today's home theaters.

LEADING THE WAY IN  
HOME ENTERTAINMENT  
INNOVATION

## PRELIMINARY

# SD7200

## Specifications

### PLAYABLE DISC TYPES<sup>3</sup>

DVD-Video/DVD-R/DVD+R /  
DVD-RW/DVD+RW/SVCD/  
VCD/CD/CD-R/CD-RW

### VIDEO

Tray Lock	•

### TERMINALS

HDMI <sup>™</sup> with REGZA-LINK <sup>®</sup>	1
ColorStream <sup>®</sup> Component Video Output	1 set
RCA-Video	1
L-R Audio	1
Coaxial Digital Audio Output	1

### PRODUCT & PACKAGING

Unit Dimension (WHD) in.	16.93 x 1.61 x 7.76
Carton Dimensions	18.70 x 3.35 x 10.24
Unit Weight	2.77 lbs
Carton Weight	4.03 lbs
UPC Code	022265002193

<sup>1</sup>An HDTV or HD Monitor with an HDCP capable HDMI or DVI input is required for video upconversion. To upconvert to 720p, 1080i, or 1080p resolution, a 720p, 1080i, or 1080p capable HDTV or HD Monitor (as applicable) is required.

<sup>2</sup>Use of REGZA-LINK<sup>®</sup>, which is a feature based on HDMI<sup>™</sup>-CEC, requires an HDMI<sup>™</sup>-CEC compatible display device. Depending on the display device specifications, some or all REGZA-LINK<sup>®</sup> functions may not work even if the display device is HDMI<sup>™</sup>-CEC compatible.

<sup>3</sup>Some DVD-R/DVD-RW and CD-R/CD-RW discs may be incompatible due to laser pick up and disc design. CD-R/CD-RW discs must be recorded using CD-DA method for CD audio playback. The DVD player may not support some MP3/WMA/JPEG/DivX<sup>®</sup> recordings due to differences in recording formats, disc structure, or condition of the disc (use of CD-RW for MP3 files is not recommended). See owner's manual for more information.
